## 2. Cooperation project

### Brief presentation and aim of the entire cooperation project

The project TNC II "Cisterscapes - Cistercian ways" accompanies the ongoing TNC I which puts the focus on an application for the European Heritage Label (EHL). The TNC II gathers the partners of TNC I in order to establish a European long distance hiking trail and to realize a joint landscape film. The objective is to build up a sustainable tourism network and to communicate the outstanding European heritage of Cistercian landscapes.

Lead-partner of the TNC II and transnational coordinator is the County of Bamberg. TNC II should again be accompanied by local subprojects of the partners in order strengthen the local impact and regional development.

Communicating, raising awareness and a touristic valorisation will be brought forward by the following central/joint measures:

1) Cistercian landscapes will be connected by a long-distance hiking trail. A planning office

will develop and plan the "Cistercian way" with two main branches, central path and northern path (draft)

Central route (draft):

Velehrad - Zd'ar nad Sazavou - Plasy - Waldsassen - Klosterlangheim - Ebrach - Bronnbach - Maulbronn - Morimond - Cîteaux 1.220 km

South branch of the central route (draft): Kostanjevica na Krki - Sticna - Rein - Zwettl - Vyssi Brod - Plasy - and then central route (1. 590 km)

Northern route (draft): Wagrowiec - Schulpforta - Loccum - Altenberg - Cîteaux (1.490 km)

Project partners should cooperate with the central planning office in order to fix points of interest. The course of the trail will be provided as GPS-data and be available via Website/Download. On-site trail-marking can/should be realized by the partners. Project partners are encouraged to plan/promote additional round tours in their monastic landscape.

2) The "Cistercian way" will be promoted via modern media (website, outdooractive, social media). Measures and content for "on-path"-Information and educational programmes will be provided. Project partners are encouraged to develop measures at the site and/or along the path.

3) Touristic offers like guided tours will be developed, a central training for cultural landscape guides will be offered. Project partners are encouraged to work with those instructions and realize local/regional measures.

4) Cistercian landscapes will be presented in a landscape film. TNC II develops a story board and produces the film as trailer (3 min) and long version (20-30 min, depending on number of participating landscapes). The film is supposed to show the highlights of Cistercian landscapes. Non-Bavarian Project partners who want to participate are asked for financial participation.

5) Exchange and networking between the partner sites and landscapes will be provided by meetings and delegations. Project partners should foster the network with other project partners, especially of municipalities, and share best practices as an effective way to improve their performance as "Cistercian site".

6) The TNC II project encourages the involvement of volunteers and actors of the public-sector in order to pool the knowledge of the cultural landscape heritage, so that the value-adding features and formative components are recognized as value added factors for the regions and integrated into planning processes. Project partners should improve their local/regional networks and establish regional working groups.

7) Project partners participate in the central measures by cost allocation (see current project contract). The project partners are encouraged to plan and realize TNC II subprojects. Further tasks and the mode of cooperation between Lead-Partner and Project-partner are fixed in the current project contract.

#### **Type of application**

*notes: both versions are possible in combination*

joint application => forward clause 2.1

separate application for each subproject => forward clause 2.2

### **2.1 Joint application**

## 2.2 Applications for each subproject

Projected subprojects within the scope of the mentioned overhead project (2.2)

*Note: designation subproject, planned measures/activities (key points) project partner or holder, LAG (LGD, LAS, GAL, MAS), approximate costs, expected LEADER funding*

### 2.2.1 Bavarian subprojects

Subproject LAG Region Bamberg e. V.:

Analysis of the historic hydraulic system of Ebrach abbey, probable restauration costs

Information boards in and around Ebrach

Concert as a part of the Ebracher Music Summer (Melodic opening of the European Cistercian Way at an opening event)

Cistercian festival to the opening of the European Cistercian Way

2 Brochures on historical topics of the former monastery

Excursion/ Lectures etc. e.g. on the subject of Cistercians / hydraulic system

Training monastic landscape guide and tour guide

Info-pavilion

Public relation/advertising

Museum of the History of Ebrach: Thematic expansion of the museum, for example, a special exhibition on the hydraulic system

Project holder: Markt Ebrach

Est. cost: 690.000 € , LEADER-funding: 463.865.88 €

Subproject LAG Region Bamberg e. V.:

Thematic Trail "Forest Use of the Cistercians"

Project holder: Bayerische Staatsforsten

Est. cost: 15.000 € , LEADER-funding: 10.084 €

Subproject LAG Schweinfurter Land e.V.

no subproject in TNC II

Project holder: -

Est. cost: 0 € , LEADER-funding: 0 €

Subproject LAG Haßberge e.V./LAG Region Bamberg e.V.

Signposting of two Cistercian bike paths;

Infrastructure: Signposts, 6 information boards with scientific contributions, 3 landscape elements, 3 rest areas with shelters, 4 bicycle repair workshops, 4 bicycle stands;

Public relation; Graphics -/design services

Project holder: Gemeinde Rauhenebrach

Project partner: Markt Ebrach, Gemeinde Rauhenebrach, Gemeinde Knetzgau, Markt Burgwindheim

Est. cost: 103.000 € (61.500 € LAG Haßberge e.V., 41.500 € LAG Region Bamberg e.V.),  
LEADER-funding: 69.500 €

Subproject LAG Haßberge e.V./Gemeinde Knetzgau

Valuation of the castle Park Oberschwappach / parts of the landscape Park, terrace garden:

concept creation; Redesign and valorization of the site, taking into account the Cistercian past;

Infrastructure: Technical systems, seating elements, information boards;

public relation; planning service;

Project holder: Gemeinde Knetzgau

Est. cost: 1.745.000 €, LEADER-funding: 1.173.109 €  
Subproject: LAG Z.I.E.L. Kitzingen e.V.  
Development and implementation of a local Cistercian way including rest area, info points ...  
Restoration of the former water system / springs and fortifications / natural stone wall  
Project holders: Gemeinde Mainstockheim  
Est. cost: 260.000 € (brutto), LEADER-funding: 174.789,91 €

Subproject: LAG Aischgrund:  
Networking, communication, touristic valorization,  
Establishment of a local circuit trail from Neustadt to Birkenfeld Monastery  
Construction of a panoramic tower with a view of the Cistercian cultural landscape,  
Print media, information boards  
Project holder: Stadt Neustadt a.d. Aisch  
Est. cost: 50.000 €, LEADER-funding: 40.000 €

Subproject: LAG Südlicher Steigerwald  
no subproject in TNC II  
Project holder: -  
Est. cost: 0 €, LEADER-funding: 0 €

Subproject LAG Tirschenreuth:  
Adventure trail with a viewpoint in Waldsassen  
In-depth public relations  
Project holder: Landkreis Tirschenreuth / Stadt Waldsassen  
Est. cost: 256.000, LEADER-funding: 172.100 €

Subproject LAG Region Obermain:  
no subproject in TNC II  
Project holder: -  
Est. cost: 0 €, LEADER-funding: 0 €

### 2.2.2 Non-Bavarian and transnational subprojects

Subproject LAG Naturpark Saale-Unstrut-Triasland, Stiftung Schulpforta:  
International network: implementation and participation in meetings and events,  
exchange of experience  
Tourism / infrastructure: Implementation of signage "Cistercian Way", multilingual access  
Information, communication, marketing: flyers, posters, information brochures, design and  
printing  
Education and mediation: landscape film (participation in design / implementation)  
Project holder: Stiftung Schulpforta  
Est. cost: 25.000 €, LEADER-funding: 22.500 €

Subproject: Stadt Maulbronn  
no subproject in TNC II  
Project holder: -  
Est. cost: 0 €, LEADER-funding: 0 €

Subproject Main-Tauber-Kreis  
Cultural landscape inventory  
Monastery landscape model (interactive)  
Model of the Maulbronn monastery complex  
Opening of a cultural hiking trail 2020 within the monastery landscape with signage  
Link to the existing Cistercian circular route of the Bronnbach monastery, with signage  
International conference or colloquium 2021 (in cooperation with the University of Würzburg or the University of Bonn), integration of other networks (Klosterland or Charte Cisterciennes)  
Representation of the monastery landscape in the monastery shop and the vinothèque / monastery products  
Development / implementation of programs on the subject of the monastery landscape including cooperation or partner project with Maulbronn Monastery

Project holder: Main-Tauber-Kreis  
Est. cost: 35.000 € LEADER-funding: 0 €

Subproject Kreis Nienburg/Weser, Stadt Rehburg-Loccum, Kloster Loccum  
Cistercian Way (tourism, accessibility, infrastructure)  
Information, communication, marketing  
Communication, awareness raising: landscape film, training guides, teaching ancient Cistercian handicraft techniques, "Social area monastery" (youth work, history, symposia)

Project holder: Stadt Rehburg-Loccum  
Est. cost: 63.500 €, LEADER-funding: 0 €

Subproject Naturarena Bergisches Land GmbH, LEADER Bergisches Wasserland  
Transnational Cistercian Way: Cost sharing in development.  
Transnational Cistercian Way: implementation on site (multilingual signage)  
Local monastery landscape path including information boards, audio stations, models.  
Multimedia station / augmented reality / VR app: for displaying the former monastery landscape components.  
Information, communication and marketing, graphics, flyers, posters, etc. Photo, footage.  
Thematic training for teachers and tour guides.

Project holder: Naturarena Bergisches Land GmbH  
Est. cost: ca. 105.000 €, LEADER-funding: 68.500 €

Subproject Région Bourgogne-Franche Comté, Saint-Nicolas-lès-Cîteaux:  
no subproject in TNC II  
Project holder: -  
Est. cost: 0 €, LEADER-funding: 0 €

Subproject Steiermark, Marktgemeinde Gratwein, Stift Rein:  
Networking, communication, touristic valorization  
Print media, information boards  
Trail marking  
Landscape film, Landscape pictures  
Research of the historic water system, restauration plan  
Cooperation with schools  
Training of tourist guides

Project holder: Stift Rein, Marktgemeinde Gratwein  
Est. cost: 50.000 €, LEADER-funding: 0 €

Subproject Stift Zwettl:  
no subproject in TNC II

Project holder: Stadtgemeinde Zwettl  
Est. cost: 0 €, LEADER-funding: 0 €

Subproject województwo wielkopolskie, Wągrowiec/Łekno:

1. Excursions
2. County contest about Cistercians for students
3. Leaflets, booklets, publications
4. Culture weekend on the Piast route
5. Wągrowiec Cistercian Fair
6. Rural Commune Cistercian Fair
7. Cistercian cycling rally
8. Conference, lectures

Project holder: Wągrowiec town commune, Wągrowiec rural commune  
Est. cost: 20. 647 €, LEADER-funding: 0 €

Subproject Stična:

Networking and communication with project partners  
Touristic valorisation  
Special exhibition about Cistercian landscape  
Indoor 2D model  
print media (brochure)  
excursions to project partner's institutions for museum employees  
training of the museum guides  
Pedagogical programme and art workshops for schools (architecture of the monastery and its parts)  
Information boards (on locations on museum's property)

Project holder: Muzej krščanstva na Slovenskem /The Slovene Museum of Christianity  
Est. cost: 5.000 €, *no LEADER-funding*

Subproject Kostanjevica na Krki

Networking and communication with project partners  
Touristic valorisation  
Special exhibition about Cistercian landscape  
Indoor 2D model  
print media (brochure)  
excursions to project partner's institutions for museum employees  
training of the museum guides  
Pedagogical programme and art workshops for schools (architecture of the monastery and its parts)  
Information boards (on locations on museum's property)  
Trail marking

Project holder: Galerija Božidar Jakac / Božidar Jakac Art Museum,  
Est. cost: 5.000 €, *no LEADER-funding*

Subproject Plzensky Kraj: MAS Světovina  
Networking, communication, touristic valorization  
Print media, information boards  
Valorization of the site  
Festival (music, regional products)  
Trail marking  
Information points

Project holder: MAS Světovina  
Est. cost: 60.000 €, LEADER-funding: 1.000 €

Subproject Jihočeský kraj: MAS Rozkvět z.s.  
Networking, communication, touristic valorization  
Print media, information boards  
Research of the historic water system, restauration plan, restauration, valorization of the site  
Exhibition architecture  
Festival (music, regional products)  
Cycling trail  
Trail marking  
Information points  
Landscape film  
Est. cost: 100.000 €, LEADER-funding: 1.000 €

Subproject Vysocina Kraj: Havlíčkův kraj, o.p.s.  
Networking, communication, touristic valorization  
Print media, information boards  
Research of the historic water system, restauration plan, restauration, valorization of the site  
Festival (music, regional products)  
Trail marking  
Information points  
Project holder: MAS Havlíčkův kraj, o.p.s (LAG)  
Est. cost: 50.000 €, LEADER-funding: 1.000 €

Subproject Zlinsky Kraj: MAS Buchlov, z.s.  
Networking, communication, touristic valorisation  
Print media, information boards  
Trail marking  
Landscape film

Project holder: MAS Buchlov, z.s. (LAG)  
Est. cost: 16.000 €, LEADER-funding: 1.000 €

### 2.3. Project language

The working language for international meetings and correspondence will be English.

### 3. Declaration for the planned implementation of the cooperation project

#### 3.1 Signatures of the Bavarian Partners
